## **County Highway 75 (West Broadway) Closed Beginning May 30**

Monticello, MN – We’re working hard to enhance Downtown Monticello as a gathering place for the community. As we navigate these changes, we know there will be temporary impacts to the area. As we get ready to kick off summer, we’re also getting ready to kick off construction.

The west side of downtown is proposed for various [construction projects](#) throughout the remainder of the year. There will be evolving traffic impacts and detours on this side of Highway 25, and we encourage residents to prepare to use alternate routes or allow for extra time through the west side of downtown. Our goal is to minimize impacts as best we can, but the extent of the projects will cause disruptions to normal traffic patterns and routes. Thank you for your patience as we work through these improvements to revitalize our downtown!

Beginning Tuesday, May 30, County Highway 75 (West Broadway) will be closed between Walnut Street and Highway 25/Pine Street for utility work. A detour is necessary to complete a water and sewer connection for the Block 52 development and will be posted along 7th Street West and Elm Street. The work will take approximately 2 weeks. Please plan ahead and drive with caution in the area.
